HEALTH CONSENT FORM

Patient Consent for Collection and Release of Information

I have had the opportunity to review ISM Rehab's privacy policy and storage of data using DataHealth with understanding how the policy applies to me. I give permission for my physicians, doctors and therapists, insurance company, WSIB, employer, lawyer, or rehabilitation counselor to discuss any medical information pertinent to this claim or injury.

I confirm that the information that I have provided about my demographic and health history is correct and if changes occur, I will notify the staff at ISM Rehab.

Payment and Cancellation Policy

I understand that payments for services at ISM Rehab are my responsibility. If my claim is to be submitted to an outside agency for payment, and for reason the third-party payer, such as insurance or employer denies and/or refuses to pay for the full amount I am billed, I am responsible for payment. I understand the fees per visit and assessment.

We appreciate 24 hours' notice for any cancellations. A \$25 fee may be added to your account for short notice or missed appointments.

Treatment

I have had the chance to discuss with my physicians, doctors and therapists the risks, benefits, alternatives, and side effects of treatment for my condition. Where appropriate, my treatment may include manual therapy, modalities (e.g. heat, ice, wax, laser, ultrasound, interferential current (IFC), electrical muscle stimulation, TENS, acupuncture, dry needling, intramuscular stimulation), and active exercise. Goals of my physiotherapy treatment plan were explained to me as well as potential outcomes if I do not have the treatment. I understand that results are not guaranteed, and the therapist will not accept liability for the results of the treatment. It is my responsibility to participate in all aspects in the program and it is imperative for my success.

I agree to participate in the assessment and treatment program delineated by ISM Rehab. Any questions or concerns regarding my recommended treatment will be brought to the attention of my therapist so rational for treatment or/adjustments can be made. If deemed appropriate by my therapist, I agree to have a student or support personnel carry out my treatment plan under supervision.

| I understand and agree with the above policy and I understand that I may withdraw this consent at any time. | | | |
